YOUR CHALLENGES AS AN ADMINISTRATIVE LEADER IN THE PUBLIC SCHOOL SYSTEM

**OUR SCHOOL/DISTRICT IS SMALL AND
THE COST WILL BE PROHIBITIVE.**

We can set up a multiple touchpoint program (over weeks or the year) for a very reasonable cost since there is no travel, and we offer REDUCED rates for schools.

**STAFF ARE NOT COOPERATIVE.
HOSTILE ENERGY IS SEEPING INTO
OUR DAILY INTERACTIONS.**

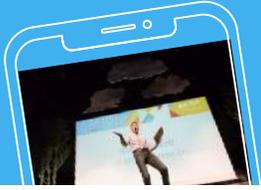

Our sessions **The Age of Engage** and **The Power of Play** will make big inroads with these issues. Our team has a proven track record of unifying disparate groups that have hostile histories.

**TEACHERS ARE OVERWHELMED.
BOTH THE STAFF AND
ADMINISTRATIVE TEAMS
AREN'T ENGAGED.**

Engagement has a multiplying effect and can help resolve issues such as change management, communication, wellness, and resilience.

"I've been coming to these education days for 18 years, nothing has come close to what we did today with Roger Haskett"

THE AGE OF ENGAGE: HOW TO CREATE ENGAGEMENT

This session looks at what engagement is, why we want it, and **how to CREATE engagement in your schools, classrooms, staff rooms**, and in your personal life.

Turbocharge outcomes like this: increased learning and retention, better communication, increased productivity, and stronger bonds between faculty and administrative teams, teachers and students, and teachers!

KEY TAKEAWAY

A little focus on engagement produces a multiplier effect of benefits to schools, students, teachers and admin.

THE POWER OF PLAY

Play is our brains' favourite way of learning! The more play becomes a daily part of your classrooms and schools, **the more benefits accrue to students, teachers, and staff.**

Play is truly transformational, revolutionary, and creates power.

KEY TAKEAWAY

A playful mindset increases wellness, improves learning for everyone in the classroom.

PRESSURE COOKER CONFIDENCE

Understand the science of how your brain works while under extreme stress, **while gaining tips and tricks to overcome fear, anxiety, and nervousness.**

Using techniques honed from decades of acting, combined with new science about excelling in life, you'll explore how to create internal power in moments where humans typically feel powerless.

KEY TAKEAWAY

Learn to be a bigger, better, more powerful version of yourself while under stress.

*"Not only were the presentations engaging and powerful, both in terms of our teaching practice and personal wellness, **but it has already triggered important conversations in our building.** By demonstrating the objective power of engagement as a multiplier of output (learning) **our staff has been more willing to set aside time to discuss student engagement** as both an end and a means to more impactful learning.*

***My staff praised Roger's energy, insight, and mastery of his subject-area.** With his background of a teacher, I felt (going in), and saw (in follow up) the value of having a trained educator speak to my staff about topics not generally associated with traditional teaching.*

I strongly recommend that all administrators and department-leaders review the offerings at Engagement Unlimited!"
