Facilitation

One of the things we regularly get asked to do is facilitation.

- One day
- Multiple days
- Workshops.

Often it's our content and schedule, other times it's the client's content and schedule. Either way we bring some interesting and innovative energy and ideas to these events.

We start with Roger's Rules of Engagement that outlines for the participants how to act to best achieve results.

RULES Like:

- Misery is Optional
- Step Up/Step Back
- Movement is Necessary
- and the more fun YOU have the more fun THEY have

We create power in the room by empowering your participants. We create a 'hive mind' using the wisdom of crowds to lock in learning.

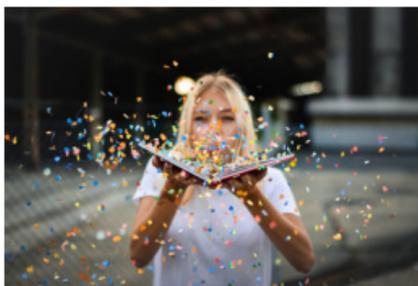

We work through your challenges using our engagement systems and tools for **MAXIMUM RESULTS!**

And running through it all is: **The POWER of PLAY**

PLAY

FUN

HUMOUR

SMILES

LAUGHS

We usually work with clients multiple times as facilitators. Because they come back:

1. For more **engagement energy**.
2. For more **playful power**.
3. For more **outstanding results**.

MEET ROGER

Hi! I'm Roger Haskett. I am an award-winning keynote speaker, author of 'the ME you WANT TO BE,' President of Engagement Unlimited & an actor in over 150 TV shows, films and commercials. Oh, and can't forget: Dad of 3 and spouse of 1 :) And a Facilitation Expert!

I believe in **active participation, interactive engagement** and **increasing the power of the people in the room (or online)**. I make my sessions **lively, entertaining, and full of applicable content that energizes and empowers** the people in the session. I also demonstrate how to change the engagement level of the participants so that engagement resonates throughout their lives.

What this means for you are classes/workshops/consulting that can **change the trajectory of your future**. "Engagement: the gift that keeps on giving."

I have created an innovative session format that ties stories, theory, and application together in an active **team-based game** that primes every participant to **learn deeper and stronger, connect deeper and stronger and create more engagement in the room**.

Don't take it from me, though. Click on samples of my talks, video reactions of participants and/or client testimonials. =====>

"We couldn't of picked a more perfect way to create bonding and open communication channels between team members!"

"The Facilitation was fantastic; it was just what our group needed after three long years of not being able to get together."

"Each employee was engaged, even those that were a bit apprehensive. Everything was kept lighthearted and fun, and the 1.5 hrs passed in no time!" Sandra Grondin Administration, MSP Teambuilding

Some of our Clients

"ROGER KEPT ME ACTIVELY ENGAGED IN THE LEARNING"

"OVERALL SATISFACTION WITH THE LEARNING EXPERIENCE"
